About the Sturgeon Hospital Foundation

The Sturgeon Hospital Foundation Golf Tournament is much more than just a great day spent in the sunshine with friends. It is about making a lasting and critical impact on the health of our community.

Dedicated to enabling excellent medical care for every stage of life, the Sturgeon Community Hospital Foundation (SCHF) raises funds to support enhanced family care, purchase leading edge medical equipment, and ensure further education and innovation at the Sturgeon Community Hospital.

We're proud of the role the Sturgeon Community Hospital has played in the growth and development of the City of St. Albert, Sturgeon County and Edmonton. Our region offers one of the best standards of living in our province, and we feel fortunate to be one of the cornerstones that have made our community what it is today.

And we are here for you for every stage of life. Everyone from the tiniest newborn babies to the oldest residents of our community rely on us in their time of need. By funding new technology, equipment and valuable innovative programs, the Foundation works to ensure that those who use our Hospital continue to receive the very best in medical care.

Without the support of the fundraising dollars raised by the SCHF, the Sturgeon Community Hospital would not be able to offer the enhanced family care, leading edge medical equipment, or carry out the innovation and education that we have come to expect from our hospital.

Our community deserves more than basic healthcare services and your commitment to the Foundation allows us to achieve that.

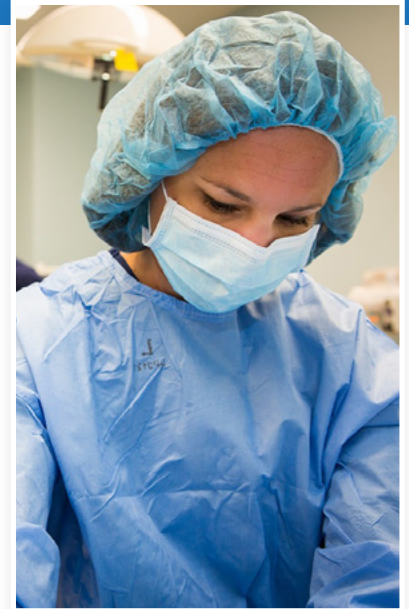

Thank you to you, our community partners for your continued support.
